RETROSPECT.

ST. LAWRENCE COLLEGE has now completed four decades of its history. Its early history is closely interwoven with the chronicle of the monastery, which, having been erected in 1857, opened its doors to students in 1861. It is a story of incessant toil and heroic zeal, of privations felt, of hardships borne, of contradictions met, of calamity sustained. The professors were not numerous and the students few. The equipment was scanty, but those men were eager to impart the knowledge and religious spirit they possessed and those students equally eager to drink from the fountains of knowledge and virtue. The result in 1871: Wing added to wing of the monastery, with sufficient room for the students; the buildings destroyed by fire rebuilt and the college reopened with a goodly number of students.

The second decade was more cheerful. The number of students rapidly increased. St. Joseph's Hall was opened. Soon after a new building was added containing a study hall and dormitory. The improvement of the curriculum naturally kept pace with the expansion of the structures and their equipment.

In 1881 there was again an imperative need of new college buildings. The following year the present stately edifice was erected and dedicated in presence of several bishops and a great number of the clergy. In 1891 the Laurentianum stood proud among the institutions of learning in the West. It had an efficient staff of instructors, its halls filled with intelligent young men, its forests turned into groves, its rugged paths of yore transformed into inviting promenades.

In 1901 the Laurentianum comprises a Commercial, a Classical and a Philosophical Course. Its Library, Cabinet and Museum are well equipped with books, apparatus and specimens. Its halls are well lighted and the apartments well heated. An artesian well supplies most healthful water abundantly. The way of the Cross, the Ecce Homo Chapel, above all the beautiful Main Chapel, give the surroundings a devotional air. St. Joseph's Hall gives ample opportunity for indoor sport. No wonder, that this year the number of its internes has passed the 150 limit. We trust that Divine Providence will continue thus to bless the Laurentianum.

GENERAL INFORMATION.

Direction.—This institution stands under the direction of the Capuchin Fathers of the Province of St. Joseph, whose Provincial is ex-officio President of the College and whose Definitors are its Trustees. The executive management is in the hands of the Rector.

Name.—Its patron and model is St. Lawrence, an illustrious Saint of the Order of Capuchins. Born at Brundisium, Italy, July 22, 1559, he entered the newly founded Capuchin Community at the age of 16. In his earliest youth he had exhibited a wonderful development of the faculties of his mind and heart, and in his higher studies at Padua he excelled above all his competitors in intellectual penetration, retentive memory, gentle disposition and untiring diligence. His knowledge of Latin, Greek, Hebrew, Chaldaic, German, Bohemian, French and Spanish were considered miraculous. His facility in dealing with the most intricate philosophical and theological questions, together with oratorical powers and profound piety, caused him to be appointed Lector of the Venetian Province of the Order when only 22 years of age. He soon after became Guardian, in 1587, Provincial in 1593, Definitor General, in 1596, Papal Legate to Germany, in 1599, the inspiring director of the Christian forces against the Turks, in 1601, General of the Order in 1602, Papal Envoy to Germany, in 1606, to Bavaria, in 1609, to Spain in 1619. He died July 22, 1619, was beatified in 1783, and canonized by Leo XIII. December 8, 1881.

Object.—The aim of this institution is to prepare young men for the holy priesthood, to give the Catholic youth who does not aspire to the holy priesthood a solid classical education and moral training, or to qualify him, in a thorough and practical Business Course, for lucrative positions in the commercial world.

Location.—St. Lawrence College enjoys a very healthful location, 600 ft. above Lake Michigan, and 400 ft. above Lake Winnebago, only a few miles distant. It is sufficiently elevated to enjoy a bracing atmosphere, at the same time sufficiently remote from the chilling vapors of the lake. In its elevated location it commands a charming view of one of the most fertile and best cultivated sections of Wisconsin. The surrounding grounds have been attractively improved to make Mt. Calvary a secluded and pleasant retreat for the lover of study.

Accessibility.—Mt. Calvary is a small village 12 miles east of Fond du Lac and one mile and a half from Calvary, a

station on the Fond du Lac and Sheboygan branch of the Chicago and Northwestern R. R. Connections are made at Fond du Lac with the main line of the C. & N. W., the C., M. & St. P. and the Wisconsin Central roads, at Plymouth with the Milwaukee Northern, at Sheboygan with the Lake Shore Line. Trains leave Fond du Lac at 9:15 a. m., 1:45 p. m. (Accommodation) and 5:15 p. m., Sheboygan at 6:30 a. m. (Accommodation), 8:00 a. m. and 2:30 p. m. Best connections are made by way of Fond du Lac.

The Buildings.—The church with the monastery are brick structures forming a large quadrangle. In the south wing of the latter are the kitchen and refectory for the students. The main building of the College is a massive edifice with a basement and four stories, containing study halls, dormitories, recitation rooms, recreation rooms, etc. St. Joseph's Hall, contains a spacious dormitory, several rooms for piano practice and rehearsals, as well as a trunk room. St. Thomas Hall is devoted to literary assemblies, dramatical and musical entertainments and gymnastic exercises. A beautiful chapel has been erected at great cost for the exclusive use of the students. It is furnished with artistic altars, numerous statues and tasty decorations.

Methods of Teaching.—The success of our educational work is secured by the uniformity of method in the teaching of all the instructors, who in regular conferences deliberate on the methods most natural, thorough and effective for the advancement of the student in the various branches of study, and faithfully adhere to the adopted methods of the institution.

Discipline.—For the maintenance of order reasonably strict regulations are necessary. The students are under the supervision of the Rev. Prefects, or their assistants; but obedience to the rules is enforced more by moral motives than severe methods. The Rector reserves the right to dismiss any student, who, after repeated admonition, shows a character so doubtful as to require extraordinary supervision.

Degrees.—This institution, by virtue of the charter of the Province of St. Joseph of the Capuchin Order, is empowered "to confer such degrees and grant such diplomas as are usually conferred by similar institutions". Hence at the end of the Commercial Course a Diploma of its satisfactory completion is awarded to graduates in this department. On completion of the Classical Course the degree of A. B. is conferred upon those who on examination are found worthy of that distinction. The degree of A. M. can be obtained by devoting a second year to the study of philosophy in the institution, or two years to a learned profession.

Seraphic * * Scholasticate.

THE Seraphic Scholasticate offers especial advantages to students desiring to become members of the Capuchin Community and to serve God more disinterestedly as priests in a religious Order.

The Scholastics have private rooms in the monastery. There they also have their own refectory and recreation hall. They wear a light habit of brown cloth and take part in several of the religious exercises of the community, which enables them to observe, and become familiar with, the usages and practices of religious life before assuming any of its responsibilities. They are under the special guidance of a spiritual director, and visit the College only to attend the classes of the regular classical course.

Before Students are admitted into the Scholasticate they must have been pupils of St. Lawrence College for at least one year, and must have completed the second Latin Class.

The annual charges are :

For Board (in advance),	-	-	-	-	\$65 00
For Clothing,	-	-	-	-	10.00

Besides these there are no other charges ; all incidental expenditures being made by the Order.

Director of Scholasticate.

SOCIETIES.

I. Third Order of St. Francis.

TH E Third Order of St. Francis presents the best rule of conduct in the service of God and the work of salvation in every walk of life and under the most varied circumstances. Whosoever lives according to the letter and spirit of this holy rule is preserved from danger to his eternal salvation, receives numerous Graces and inspirations for his sanctification, and will, in sentiment and action, be a true servant of God. Leo XIII, himself a Tertiary, has brought the merits of the Third Order before the world in an admirable encyclical as the remedy for the evils of our times, so nearly resembling the times for which that true reformer, St. Francis, instituted this Order. His urgent appeal to the bishops of the world to propagate the Third Order, has made it popular with cardinals, bishops and priests. Enrollment in the Third Order is therefore encouraged among the students. Applicants must be 16 years old. The members have monthly meetings and devotion in the college chapel.

GENERAL PROSPECTUS OF STUDIES.

The *College* comprises a Classical, Philosophical and Business Course.

The *Classical Course* covers a period of six years and embraces the study of Latin, Greek, English, German, French, Grammar, Composition, Rhetoric, Literature, History, Geography, the elements of Botany, Geology, Zoology, Physics and Astronomy.

The *Philosophical Course* extends over two years. In the first year the Classics are completed with the Sixth Latin Class Logic, General Metaphysics, Natural Theology, Ethics, History of Philosophy, Hermeneutics, Church History, one of the Natural Sciences and Hebrew.

The *Commercial Course* may be completed in two years, or in a longer or shorter period according to the abilities or previous acquirements of the student. The branches taught are: Bookkeeping and Business Routine, Penmanship, English Grammar and Composition, German, Commercial Arithmetic, Commercial Correspondence, Commercial Law, Geography, United States History, Typewriting, Phonography.

Christian Doctrine receives the most careful attention, as there can be no real education or effective moral training without it. This instruction is based upon Catechism and Bible History in the first and second classes, upon the exposition of the ecclesiastical year in the third year, and upon the evidences of the Catholic Religion in the fourth and fifth and the History of the Church in the Philosophical Course.

Latin is taught in all grades of the Classical Course. Paramount attention is paid to Precepts and Practice and the memorizing of Paradigms. No amount of translation of the prose and poetical Models is specified, but much time is devoted to the analysis and remodeling of the selections from classical authors. Translations from German or English into Latin, several times a week, in all the grades, afford the student ample opportunity to appropriate the words and phrases upon which he has been drilled in reading the Model. Latin is the medium of instruction and recitation in Philosophy and Ethics.

Greek is taken up in the second year and continued during five years on the same plan as the Latin. Three hours being devoted to it every week.

English is taught in all its phases : Penmanship, Spelling, Grammar, Composition, Rhetoric and Literature. Although the students are almost exclusively of German descent, the study of the English Language is by no means neglected, but receives all the attention due to its prime importance as the language of our country. Three times a week.

German is obligatory in all Courses in view of its essential value as an accomplishment and its positive benefit in active business life. The study of German includes Penmanship, Etymology, Syntax, Composition, Rhetoric, Poetry and Literature. A special feature of the institution is that many important branches are taught in German and that the students make extensive use of German in their conversations. Prayers and exhortations as well as table reading are alternately German and English. Three hours a week.

French is optional for students of the third year and higher Classes. On account of the literary and practical value of the French Language its study is recommended. Two hours a week.

Hebrew is obligatory in the Philosophical Course. Two hours a week

Arithmetic is one of the foremost branches in the first and second year classes, Algebra in the third and fourth, Geometry in the fourth and fifth, Trigonometry in the sixth. Three hours a week.

History is taken up in the first class. Bible History and United States History furnishing the texts for the first and second classes. Universal History in the third, fourth and fifth, Church History in Philosophy. Mythology is treated with the Latin and Greek Classics. Two hours a week.

Geography is treated as supplementary to History and as a prolific source of culture in the first and second classes. Two hours a week.

Sciences have been taught in the departments of Zoology, Geology, Astronomy and Physics.

Drawing may be taken once a week, to acquire facility in the use of pencil and crayon in freehand sketching of landscape, portrait and architectural designs. Advanced students receive instruction in water-color and oil painting free of charge except for materials

The Commercial Course is arranged to agree as much as practical with the Classical Course, to enable students of the former to attend the classes of the latter in some branches.

To raise the standard of the Classical Course a Preparatory Class will be added next year.

MONTESQUIEU.

1900.

WHEN the catalogue for 1899—1900 was already in the hands of the printer, Rev. John Kaster, then of Appleton, now of New London, Wis., made his welcome visit most instructive by presenting a series of stereopticon views of the Holy Land, eloquently commenting upon those views that were of especial interest to students.

During vacation about \$3000.00 were expended for improvements, mainly of the heating system. Although there had been no complaint of insufficient heating during the preceding winter, several changes were suggested by which it is now possible to heat all the college buildings from one furnace room, thus greatly diminishing the possibility of accident by fire. At the same time the efficiency of the system was much improved.

July 3.—Rev. Fr. Camillus was elected to represent the interests of the monastery and college at the Provincial Chapter.

July 7.—The Scholastics and the few students remaining at the college rendered a musical programme to celebrate the Nameday of Rev. Fr. Lawrence Henn, then Guardian.

Aug. 2.—Portiuncula usually brings a great number of visitors to the college. This year, owing to the extensive repairs, visitors were not admitted.

Aug. 8.—11.—The Provincial Chapter of this province of the Capuchin Fathers held at Detroit. Very Rev. Fr. Lawrence Vorwerk, was elected to succeed himself as Provincial of the Order and President of the St. Lawrence College. The Rev. Fathers Gabriel

Messmer, Anthony Rottensteiner, Bonaventure Frey and Ignatius Ullrich were elected Provincial Definitors and thus became Trustees of the College. Fr. Lawrence, Guardian and well beloved professor, exchanged place with Fr. Ignatius, then Guardian at Appleton. Owing to his impaired health Fr. Peter was relieved of his duties as professor and assigned to the monastery at Milwaukee. Fr. Joseph came to the College from Mater Dolorosa monastery, New York City. No other changes were made in the personel except that Fr. Benno became Prefect of the Scholasticate and Fr. Justin, Prefect of Dicipline in the college. The Chapter passed several wise resolutions for the advancement of the College. These were partly carried out during the past year and will direct our course in the future.

Sept. 5.—The students assembled at 8:00 p. m. in the Chapel, where they were welcomed by the Rector. The College Rules read

Sept. 6.—Formal Opening of the Academic year 1900—1901. High Mass was sung by the Rector at 6:00 o'clock. Veni Creator. Benediction. 133 students had already reported. Class-work resumed at 8:00 a. m.

Sept. 14.—Titular Feast of the parish Holiday.

Sept. 18.—The actual attendance reached 150.

Oct. 4.—St. Francis' Day. Patronal Feast of the Order. The students attended divine services in the parish church. The College Choir sang during the Solemn Mass.

Oct. 5.—All Souls' Day of the Order. Solemn Requiem for the deceased professors and benefactors of St. Lawrence College.

Nov. 2.—All Souls' Day of the Church. The Necrology of of the professors and students who have died at the Laurentianum. Solemn Requiem. Visiting of the graves in the afternoon.

Nov. 17.—We were most agreeably surprised by the visit of Ven. Mother Prioress, O. S. D., of Brooklyn, N. Y., a devoted friend and benefactress of the Laurentianum.

Nov. 29.—Thanksgiving Day. Solemn Mass of Thanksgiving. In the afternoon St. Thomas Aquinas Literary Society delighted us with its able presentation of
